November 2026

The Audi RS 5

The new Audi RS 5 seamlessly blends exhilarating driving dynamics with everyday practicality. Its striking sporty design is complemented by an advanced plug-in hybrid powertrain. The RS 5 is designed for both performance and versatility; the combination of a 2.9-litre V6 biturbo engine and an electric motor enables dynamic performance on longer journeys while also supporting emission-conscious electric driving in urban environments.

This pricelist will make it easy for you to build your RS 5 Sedan or Avant and illustrates all available equipment offers; the online configurator is also available on the Audi website.

Engine and pricing

Engine	Capacity	Fuel type	Transmission	Max. system output (kW)	Total system torque output (Nm)	Fuel consumption (l/100km)	CO_2 emissions (g/km)	0 – 100 km/h (sec)	Top speed (km/h)	RRP*
						Combined				
RS 5 Sedan quattro	2 894	Plug-in hybrid	tiptronic	470	825	4.6	105	3.6	250	R 2,430,000
RS 5 Avant quattro	2 894	Plug-in hybrid	tiptronic	470	825	4.6	105	3.6	250	R 2,470,000

Fuel consumption and CO_2 data applies to the German Market. The specified values are determined in accordance with certain test procedures. The specifications do not refer to an individual vehicle but serve only as a basis for comparing the different types of vehicles. In addition, the consumption figures achieved during normal driving may differ from the test values, depending in particular on special equipment fitted, vehicle loading, personal driving style, road and traffic conditions, environmental factors and conditions of the car. Pricing and specification is valid for vehicles produced from model year 2026 onwards.

* RRP is inclusive of VAT, CO_2 emissions tax and an optional 5 year/100,000km Audi Freeway Plan

RS 5

Standard Equipment

Wheels:
- Wheels, 5-Y-spoke, Platinum Grey, 10.0J x 20, 285/35 R20 tyres
- Tyres with optimized rolling resistance, 285/35 R20
- Tyre pressure monitoring system
- Tyre repair kit

Lighting Technology:
- Darkened matrix LED headlights with dynamic light sequencing & dynamic turn signal
- LED rear lights pro
- Entry LED with RS projection, front and rear

Important information

Welcome to Audi

Audi Freeway Plan | Motoring Peace of Mind

There can be no better motoring peace of mind than knowing that your car will be serviced, maintained and repaired, should this prove necessary, at no cost to you. Thanks to Audi Freeway Plan, that peace of mind could be yours.

The Audi Freeway Plan absorbs all maintenance and service costs, with the exception of between-service top-up fluids, fuel, cracked or broken glass, and tyres.

Recommended retail pricing is inclusive of an optional 5 year/100,000 km Audi Freeway Plan on all new Audi vehicles.

Top-up options to extend maintenance are available at extremely competitive rates. Audi has specially designed the Audi Freeway Plan for easy operation on the part of the owner. Making an appointment with any one of our approved Audi Servicing Dealers can effect regular servicing and maintenance as well as repairs (with the exception of accident damage).

All work is handled by the relevant service department, which will liaise directly with the Audi Freeway Plan Maintenance Unit. No extra effort or payment is required from the Audi owner. The Audi Freeway Plan is registered with the vehicle and as such is transferable to the new owner should the car be sold before the Audi Freeway Plan has expired, giving added resale value. The Audi Freeway Plan is available in addition to Audi's standard one-year/unlimited distance vehicle warranty. The Audi Freeway Plan is subject to certain exclusions, covers any repairs necessary after the expiry of the standard warranty.

Audi Assist | Emergency and Personal Assistance

Audi Assist is a programme whereby Audi of South Africa and its Dealer Network pledge to provide you with peace of mind motoring by providing the infrastructure to support a countrywide emergency service 24 hours a day, every day.

The programme is known as Audi Assist and operates within the borders of South Africa as well as Namibia and Botswana. The objective of the programme is to ensure on the spot roadside assistance offered by a fully equipped and trained Audi technician.

The primary focus is to get you mobile in your own vehicle. Where a roadside repair cannot be effected and the vehicle needs to be towed to the nearest Audi dealer, you and the occupants of the vehicle will be transported to a place of safety in the dealer's roadside assistance vehicle.
